

The Scientific Workshop *“QUALITY ASSURANCE ELEMENTS FOR CHEMICAL ANALYSES LABORATORIES IN THE UNIVERSITY CURRICULUM”* will address issues of interest for specialists working in academia, accreditation bodies, and in domains where the outcome of analytical laboratories is definitive. Everyone developing activities in the area of clinical and pharmaceutical analysis, environmental and food quality assessment, are also warmly invited to join our workshop.

#### Aims

- Importance of QA guidelines included in University Curriculum
- Understanding the importance of QA when reporting scientific data
- Discuss the challenges in future University Curriculum to comply with the requirements of data quality, reference materials for determinations in analytical laboratories
- Understanding the needs of the interested activity sectors as: environmental, food, clinical, pharmaceutical or forensics, regarding the quality assurance in their analytical laboratories

#### Registration

Registration Type	Early until 20 <sup>th</sup> March 2020	Normal from 21 <sup>st</sup> March to 5 <sup>th</sup> May 2020	Late/On-site from 6 <sup>th</sup> May 2020 onwards
Delegate	150	200	250
Student	75	100	125
Accompanying person	75	75	75

#### Location

Bucharest image, until the transformation into “Little Paris”, as appeared in old panoramic photos, can be summed up as follows: “a green wide space, from which only church towers rose as vertical forms” or a city with “tight and sinuous alleys, with those famous roads boarded with wooden beams – so-called bridges”.

Bucharest has a wide metro network and a good transport infrastructure, that allows easy access to the University Politehnica premises and to the significant monuments and points of interest.

Due to its varied landscape, Romania is the most biogeographically diverse country in the European Union, with Europe’s largest and best-preserved delta. Romania is full of architectural treasures. In particular, Bucharest offers an unusual and sometimes uneasy mix of styles. The famous Romanian cuisine is built around hearty, high calorie dishes designed to be the ultimate comfort food, with an unmistakably homemade feel.

Romania has something for everyone.

#### Accommodation

There are hotels available within a ten-minute walk from the Campus of University Politehnica of Bucharest. There are nearby hotels offering high quality services. Delegates are to make their own hotel bookings directly.

#### Invitation for scientific contributions

Participants are invited to submit abstracts for oral communications and poster presentations on subjects related to the theme of this workshop. Submission deadline is 31<sup>st</sup> March 2020.

Abstracts will be presented according to the format available from the event website:

[www.eurachem2020.ro](http://www.eurachem2020.ro)

The proposed abstracts will be subject to approval by the Scientific Committee.

Participants will be notified of acceptance by 30<sup>th</sup> April 2020.

## SECOND CIRCULAR AND CALL FOR PAPERS

### SCIENTIFIC WORKSHOP

In connection with

**EURACHEM GENERAL ASSEMBLY 2020**

## “QUALITY ASSURANCE FOR ANALYTICAL LABORATORIES IN THE UNIVERSITY CURRICULUM”

**25<sup>th</sup> – 26<sup>th</sup> May 2020**

**Eurachem Week**

**25<sup>th</sup> – 29<sup>th</sup> May 2020**

**BUCHAREST, ROMANIA**

**UNIVERSITY POLITEHNICA OF BUCHAREST**
